# Testimonials

**“Seniors Helping Seniors® has been a godsend for our family. After our mother was diagnosed with progressive dementia, we needed help to keep her in her home as long as possible, in line with her wishes. The skilled and compassionate ladies that cared for her (when we couldn’t) went above and beyond the expectation and have been a true blessing for us and especially for her. They became an extension of our family, and for that we will always be grateful.” – Sarah Burton**

**“I am 310 miles away from my parents and could not keep my parents in their own home without Seniors Helping Seniors®. The owner and her staff understand what is needed to take the worry off me so I can do my already demanding and stressful job. I trust them and appreciate everything they do. They call me, text me and always keep me posted on what is going on without being alarmists. The only thing I regret is not calling them sooner.” – A Grateful Family**

**THANK YOU!**
