AUGUST - SEPTEMBER 2016

PARTNERING WITH OUR SCHOOLS

It's that time of year again. Summer vacation is coming to a close and thousands of students and families are preparing to head back to school.

Sierra Vista's schools are an integral part of our community and the City is a key partner to the local schools. Anyone who attended our bustling Back to School Fair, participated in our Summer Reading Program, has enrolled in Kid's W.O.R.L.D., or chatted with our School Resource Officer in Buena High School's halls has seen evidence of this longstanding partnership.

Beyond these annual efforts, the City and schools worked together in some new ways this past year. The launch of an Adopt-a-Classroom program at Buena High School, for instance, afforded City staff members

the opportunity to share real life experience with students.

In January, Assistant City Manager Mary Jacobs worked with her adopted classroom to bring students struggling with reading and writing into City Hall, the police station, the library, and our Public Works facilities. Here they talked with City leaders about how reading and writing apply to their professions and have been instrumental in their careers. The students also participated in a mock city council meeting, which gave them a sense of how government works at the local level.

"I'm thrilled to be a part of Buena's Adopt-a-Classroom program," Jacobs says. "Our students are Sierra Vista's future business owners and community leaders, and they need to see that what they are learning in the classroom really matters in the real world so that they can better visualize their futures."

The Sierra Vista Police Department adopted Buena's criminal justice classroom and has worked closely with the instructor to bring in subject-matter experts as guest speakers. In March, the department partnered with the school on the Student Police Officer Camp, an 18-hour overnight experience, which offered nine students interested in law

enforcement a taste of the profession via many hands-on activities.

The Sierra Vista Public Library also hosted the first-ever Power Up Sierra Vista Teen Leadership Conference. This intensive one-day event gave nearly 50 local teens invaluable leadership training and engaged them in a public art project, among other activities.

The City recognizes our community's success is tied to that of our students and will continue working closely with local schools to help create a bright future for Sierra Vista and its youth.

FROM THE MAYOR

Completing a Success Story

by Rick Mueller, Mayor

The construction of Canyon Vista Medical Center was a defining moment for our community, not just because of what now takes place in this new, Level III Trauma Center designated hospital, but because of what is being done with the old Sierra Vista Regional Health Center facility.

Thanks to the vision of the Legacy Foundation of Southeast Arizona, the old hospital building hasn't sat vacant; it's been the site of an exciting renovation project set to wrap up this month as Cochise College opens its new Downtown Center. By donating the facility to the college, the foundation took a good story for Sierra Vista and transformed it into a great one.

The Cochise College Downtown Center will serve as a fitting home for the college's thriving nursing and health sciences program, which supports the new hospital by growing medical professionals at home. But it will also house culinary arts and electronics training programs, the Small Business Development Center and Center for Economic Research, and local social service organizations that facilitate community services.

As one of the transplants setting roots in the new campus, the college's Center for Lifelong Learning will surely continue to thrive in its new home. Learning something new is a great way to stay young at heart and I recommend residents explore the center's offerings and trips, like the one highlighted in our Tour & Travel feature on page 6.

The relocation of programs to the Downtown Center frees up space on the college's Sierra Vista Campus. This provides an opportunity for the college to continue to grow and the flexibility to do so strategically. With its excellent track record of innovation and support of key local industries like Unmanned Aircraft Systems and health care, I'm excited to see how the college will take advantage of this opportunity for the betterment of our community.

INSIDE CITY HALL

Making Progress in Challenging Times

by Chuck Potucek, City Manager

As we make preparations for this year's Spotlight Breakfast, I'm struck by the remarkable work our City has accomplished in the midst of difficult budget years.

Balancing the budget in the last two years has been more challenging than ever before in my time as city manager but we've weathered the storm without losing sight of the important tasks at hand. Under the leadership of the City Council, the City of Sierra Vista has gained ground in its economic development and tourism efforts without cutting back on the services our residents value most.

the arenas of cyber security and technology, positioning Sierra Vista to be a leader in those sectors. The City also earned the national Association of Defense Communities Community Excellence Award, honoring our ongoing support of and innovative partnerships with Fort Huachuca.

At the same time, we still offer great programs, services, and facilities for our local residents to enjoy. We've also ensured that the Police Department and Fire & Medical Services maintain the high standard this community expects. In the area of code enforcement, we've actually expanded our efforts and the results are already apparent as properties around town are showing significant improvement.

Maintaining the services residents value and ensuring properties are taken care of isn't separate from economic development and tourism. They are part of what makes Sierra Vista a great place to live and to visit. Facing diminishing resources doesn't diminish the tasks at hand, and I think our residents can be proud of the work we're doing to make sure Sierra Vista's brightest days are still ahead.

Earlier this month, the City received the Governor's Tourism Award for Print Content and Collateral, which recognized our new *Adventure Guide* as one of the best tourism materials in the state. Meanwhile, our economic development division is capitalizing on our community's assets in

We'll detail and celebrate much of this work during the annual Sierra Vista Spotlight Breakfast on Tuesday, August 9, at 7:30 a.m. at the Windemere Hotel & Conference Center. Seating is limited and registration is \$25 per person. Call (520) 458-7922 to reserve your spot.

GET ACQUAINTED

by Mary Jacobs, Assistant City Manager

Sierra Vista native Bryan Dukes knew he wanted to be a firefighter from an early age and is thriving in that role. A New Jersey transplant, Greg Barrett found his niche behind-the-scenes as he maintains the equipment that The Cove and other parks facilities rely on. Let's get to know these invaluable members of our team!

Bryan Dukes

A home-grown boy, Bryan Dukes has been with Sierra Vista Fire & Medical Services for three years. He joked that he's finally transitioning from "rookie" with the recent addition of an even newer member to his crew at Station 362. Many kids have a dream of being a firefighter and Bryan was no different. His mom worked for the City's human resources division so he got to know many senior members of

Greg Barrett

While The Cove's system functions with state-of-the-art computers, it still needs a human touch. That's where parks technician Greg Barrett comes in. A former plumber, Greg's background has been invaluable in keeping The Cove safe and operational. He is a certified pool operator and keeps current on trends in the industry through his nationwide network. Greg started his career with the City nine years ago in

the fire department at an early age. Their mentorship solidified his desire to pursue this profession. Bryan is passionate about helping people, and especially embraces the frequent training his crew does to keep their skills at peak levels, which includes pulling hoses, search and rescue, EMS, and a host of other activities. He just started the paramedic program, a grueling, 16 month-long certification through Cochise College, where upon completion he will join the nearly two-thirds of City firefighters who are also paramedics. Bryan and his girlfriend of two years, Annika, spend a great deal of time enjoying the outdoors with her three young children. He is an avid snowboarder and wakeboarder, and they take his sporty boat to nearby Patagonia Lake or Apache Lake frequently during the summer and camp.

landscaping before being promoted. Greg spends about half of his time working in other parks areas. He is a certified playground inspector, works on irrigation, fixes broken bathrooms and performs lots of other behind-the-scenes tasks every day to ensure the community has quality, safe parks. Originally from New Jersey, Greg spent much of his youth in Tucson. A star high school football player, he attended the University of Arizona on a little-known equipment manager football scholarship earning a BS in renewable natural resources. He and his wife, Angelina, have been married for 10 years and have three boys ranging in age from 6 to 17. Greg hasn't lost his passion for sports, and he has been coaching football and basketball for his sons for years. His family is active in their church, where Greg is also happy to contribute as head grounds person.

ECONOMIC DEVELOPMENT

Get to Business!

If you have a small business or are thinking of starting one, the City's Economic Development Division has created the perfect tool to help.

The *Sierra Vista Business Guide: Key Steps to Starting a Business* contains 37 pages of vital information for entrepreneurs looking to start a new business. It offers advice on creating a business plan, information on required licenses and permits, and tips on where to find help. Plus the guide shares a variety of resources, programs, and services that can boost your company's bottom line.

You'll also discover links for various government agencies, regional support organizations, educational institutions, and military support services. For instance, did you know you can receive free business counseling at Cochise College's Small Business Development Center or take a free university-level course through edX.com? How about free workforce training and hiring assistance? You can get it at the Arizona Workforce Connection.

Helping small businesses get started, survive, and thrive is a key pillar of Sierra Vista's economic development strategy. These businesses create jobs, generate tax dollars, and often provide the local flavor that makes a community attractive to visitors and residents alike.

While big businesses eliminated four million jobs in the U.S., small businesses added eight million new jobs since 1990, according to the U.S. Small Business Administration. The 28 million small businesses in America bring 54 percent of the nation's sales and 55 percent of its jobs to the table.

To obtain your free startup business guide, visit <http://www.sierravistaazbusiness.com/start-up-and-expand/starting-a-new-business/> or stop by City Hall for a paper copy. If you have questions or want more personalized assistance, don't hesitate to call the City of Sierra Vista's Small Business Ombudsman at (520) 439-2211.

PUBLIC SAFETY

Back to School Driving Tips

With local students heading back into classrooms, drivers should be mindful of school buses, school zones, and sharing the road with many younger, less experienced drivers. Experienced drivers and those with fewer years on the road alike should always remember that driving is a skill that involves multitasking. Not only are we moving a steering wheel, we are also using our feet, our hands, our eyes, and our ears all at the same time. We need to maintain proper distance between the vehicle ahead of us and to the side of us while remembering to control the speed of the vehicle. Before you head out on the open road, learn more about how to ensure you and your passengers are safe by reviewing some simple tips and common sense practices.

- When a school bus is preparing to stop and uses flashing red lights, you must stop and not pass the school bus since students may be loading or unloading.
- Know and obey traffic laws including posted speed limits. Remember that school zone limits are 15 mph and the driver has to enter the zone at the correct speed. Adjust accordingly if weather conditions are dangerous.
- Buckle up, and make sure your passengers are also wearing seat belts.
- Adjust side and rear-view mirrors and use often.
- Wear prescription lenses or hearing devices at all times when driving, if required.
- Remind passengers to help reduce driver distractions by keeping noise and conversation to a minimum. Don't eat, apply makeup, check phone, or perform similar activities unless you are at a complete stop off the road.
- Check your tires and air pressure at least once a month and when temperature has changed.
- Get your vehicle inspected regularly according to state laws.
- Do not follow the vehicle ahead of you too closely. Remember that we must have the time and distance to avoid a traffic accident. If we follow too close, we limit both time and distance.
- Never operate a vehicle if you are tired, under the influence of any medication that causes drowsiness or if you have been drinking alcohol.
- Don't engage in any exchanges with a hostile driver and, if necessary, call 911 for emergency assistance.
- Know and understand the warning signs on your vehicle control panel.

Rabies Cases on the Rise in 2016

It's been an active year for rabies cases in Cochise County, making it especially important to ensure your household pets are properly vaccinated.

Out of about 86 positive cases in Arizona so far this year, Cochise County has had 28. That's compared to just 11 cases in Cochise County last year. Fortunately no domestic animals have tested positive yet this year, with 25 of the cases being skunks, two being bats, and one being a bobcat.

Rabies is most commonly transmitted through the bite of an infected animal and state law requires that domestic animals that have had interaction with infected wildlife be quarantined for up to 45 days. To date, 17 dogs and cats have been quarantined at the Nancy J. Brua Animal Care Center this year, though none tested positive for rabies.

To help low-income pet owners, the animal care center has offered a donor and grant funded door-to-door program called "One Paw at a Time" since 2015. To date, nearly 350 pets have been vaccinated.

"We want to make every effort to help pet owners protect their four-legged family members from this deadly disease," says Arleen Garcia, animal control supervisor.

More free clinics will be scheduled in the future and pet owners can always contact the Nancy J. Brua Animal Care Center at (520) 458-4151 to learn more about vaccinations. Infected animals or bites should also be reported to the animal care center as quickly as possible. If the animal care center is closed and there's an urgent need to remove or quarantine an animal, please contact the Sierra Vista Police Department dispatch center at (520) 458-3311.

City Hosts Contest for West End Mural

The City of Sierra Vista and the Arts and Humanities Commission are sponsoring a contest to design a mural for a public art project in the West End. The mural will appear on the west-facing wall of the Century Link building at Fry Boulevard and Buffalo Soldier Trail. The winner of the contest will receive \$500 and the deadline to enter is August 12.

The design must relate thematically to the City's brand and its strapline, "Extraordinary Skies. Uncommon Ground." Creativity is encouraged and colorful designs are best. Horizontal/landscape orientation is required and entries must be roughly proportional to 20' x 30'. The design must scale well to a much larger size. Submissions may be completed in any medium that can be translated into a mural.

The contest is for the design only. The winning entry will be replicated on the building by an artist contracted separately, although the winner may have the opportunity to paint the mural as well based on their experience in that medium.

HOW TO ENTER

Submissions can be emailed to LeisureActivities@SierraVistaAZ.gov with "Mural Design Contest" in the subject line

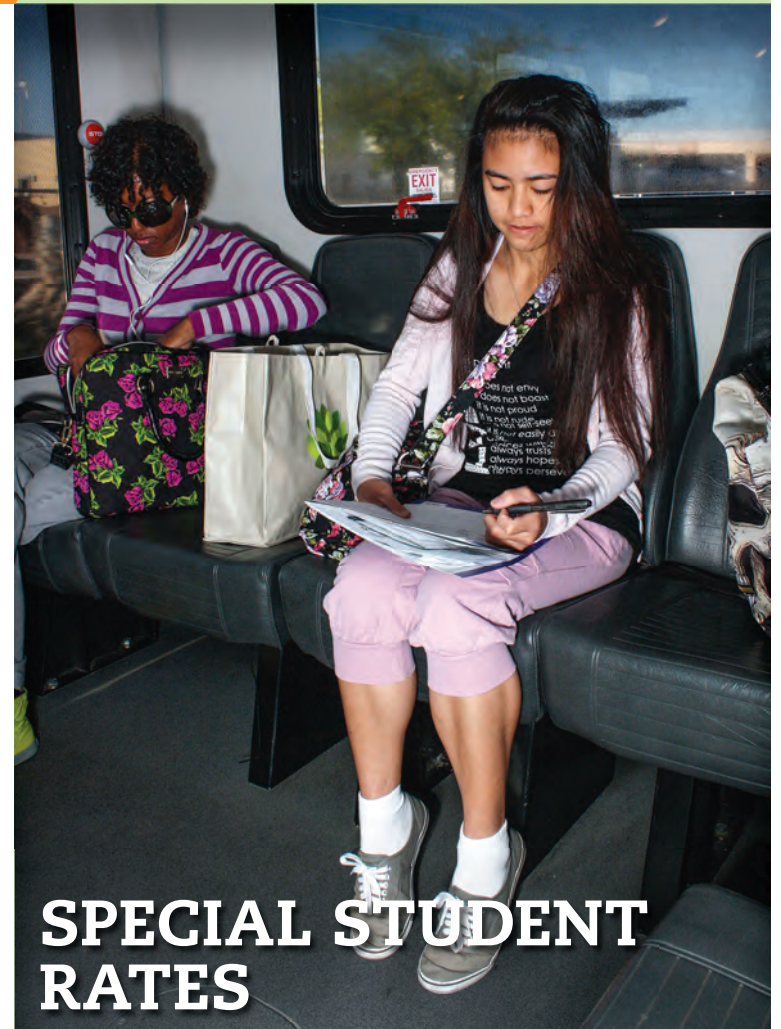

or delivered to the Oscar Yrun Community Center at 3020 E. Tacoma Street. For more information, call (520) 458-7922.

SIERRA VISTA IN ACTION

SIERRA VISTA TEEN CENTER

Teen Center Events

New Changes for a New Year

Summer vacation is over, so the staff is kicking into high gear as you head back to school! Beat the heat by stopping by to play video games with your friends, or relax and watch a movie from the DVD library. The Teen Center doors are open as a place to relax, or to enjoy the daily activities the staff provides.

August and September are full of water fun, a running club, gaming nights, and role playing table top games. The Teen Center offers a variety of daily programs perfect for teens between the ages of 12 and 17. Teens are allowed to leave the building provided they sign in and out.

New changes this school year include increased safety measures so that parents and teens feel secure in a supervised, well-lit building. A new video camera system provides extra security, and membership cards will provide staff with parents' phone numbers in case of an emergency. All new teens will be asked to complete a registration form to obtain a membership card, and all teens will register with their card upon entering the Teen Center.

Keep in mind as you head back to school that there are daily buses from Buena High School and Joyce Clark Middle School that go directly to the Teen Center. Also, the Teen Center is located on a convenient City transit line and has bike racks and locks for those who attend. Lockers are provided for teens who want one to ensure all valuables can be kept safe while they study, relax, or take part in fun activities.

All upcoming events are listed on the City's calendar of events at www.SierraVistaAZ.gov. Paper copies can also be found at both the Teen Center and the Sierra Vista Public Library. Follow the Teen Center on Facebook for more information and updates on events.

The Teen Center is located at 3405 E. Fry Boulevard.

LIBRARY: MORE THAN JUST BOOKS

Children's Programming

“What’s Up With That?!”

This series features responses to some of your questions and comments received at the Sierra Vista Public Library.

The question: “How do staff come up with ideas for programming?”

The response: Staff is very proud of the varied and interesting programming offered to people of all ages. Several of the library’s programs are so popular, there is a waiting list!

Programs are offered ranging from the useful and educational—beginning computer classes, digital device drop-in, borrow-a-bike—to the fun and entertaining—movie matinees, adult coloring, drumming circle, puzzle exchange, and Library After Dark, to name a few. Many of the programs such as STEAM Saturdays, LEGO® Club, and story times are fun, entertaining, useful, *and* educational!

Staff is often asked how they decide what programs to organize. There are several key considerations when deciding whether a program might be successful: available funds, staff

and volunteer time, conflicts with, or duplication of, other department programming, community demographics, and library hours.

Ideas for programming come from observed public needs, traditional expectations of libraries, current trends, and collaborations with other organizations. Staff also receive great ideas from people like you, professional associations, seminars, and conferences.

The Sierra Vista Public Library is very fortunate to have a wonderful “Friends of the Library” group who, along with state and local partners, fund programming. We are also fortunate to have great volunteers who manage some of the library’s programs.

If you have a great idea for a program, tell a staff member. Who knows, it might end up on our calendar of events!

Instruction is based on forms (kata) and their analysis, extensive partner training, individual and small group study, and exploration of presented material. The goal is to train thinking, analytical martial artists who can see beyond the confines of the course material and integrate them with concepts taught by other systems. As such, cross training and the study of other systems is encouraged. The focus is on civilian self defense, not on the modern sporting versions of martial arts.

NANCY J. BRUA ANIMAL CARE CENTER

TOP THREE REASONS TO LICENSE YOUR DOG

Only about 20 percent of the dogs in Sierra Vista are licensed. The Nancy J. Brua Animal Care Center wants to change that and you can help!

WHY LICENSE YOUR DOG?

1 Prevent the Spread of Rabies

A rabies vaccination is required for all dogs before a license can be issued. Having your dog vaccinated helps control the spread of rabies in Cochise County.

2 Easy Identification

It keeps them safe. Dogs with licenses are easily identified and returned to their owners if lost.

3 IT'S THE LAW!

Getting caught without a dog license is expensive! In Sierra Vista it costs about \$100.

It also supports the animal care center. Your license fee helps keep local strays fed, sheltered, and healthy.

HOW TO LICENSE YOUR DOG

Bring proof of a rabies vaccination to the Nancy J. Brua Animal Care Center and pay the low annual fee to license your dog. It's that easy!

Annual License Fees

Intact Dogs	\$20 per dog
Spayed/Neutered Dogs.....	\$5 per dog
Dogs 10+ Years old	\$5 per dog

NOTE Pet owners 62 and older will receive a \$2 discount.

Licenses are good for a year and need to be renewed when the rabies vaccination expires. One, two, or three year licenses can be purchased at a discount depending on the length of the rabies vaccination.

Choose to Adopt

If you're looking for a furry addition to your family, the Nancy J. Brua Animal Care Center should be your first stop in Sierra Vista.

We always have dogs and cats in need of a forever home, plus we often have other pets like rabbits, guinea pigs, gerbils, birds, and even snakes! You can find our pets up for adoption on PetFinder.com, AdoptAPet.com, and www.SierraVistaAZ.gov, but the best way to see them is to stop by and pay them a visit!

Our adoption fees are just \$75 for dogs and \$50 for cats. Plus, you can get two for the price of one for siblings or lifelong companions! These fees include sterilization, the first set of vaccinations, a physical exam, and a microchip implant.

Donations and Volunteers Needed

You can always help support the animal care center by making a donation or by offering your time as a volunteer.

We accept aluminum cans to raise funds for sick and injured stray animals. We also can always use pet food, cat litter, or cash to purchase pet supplies. Stop by or give us a call to learn more about what we need most right now.

Volunteers help cover administrative duties, socialize with our animals, and walk our dogs. If you're a Pokémon Go player, dog walking is a great way to hatch your eggs while ensuring our dogs stay healthy and happy! To apply to be a volunteer, call the Sierra Vista Police Department Volunteer Coordinator at (520) 452-7500.
