LIFE IS BETTER WHERE EARTH AND SKY MEET

APRIL - MAY 2017

**CITY HOSTS  
SAVOR SIERRA VISTA**

Situated between Arizona's oldest and most celebrated wine regions, Sierra Vista too often gets overlooked when wine buffs travel to taste the samplings in Sonoita, Elgin, and Wilcox.

Savor Sierra Vista seeks to change that by bringing about a dozen of these acclaimed area wineries into Veterans Memorial Park for the Wine, Beer & Spirits Festival on Saturday, May 27, from 11 a.m. to 6:00 p.m. While samplings end at 6:00 p.m., beer, wine, and food, while supplies last, will still be on sale until the last band leaves the Veterans Memorial Park stage at about 10:00 p.m.

This festival is the centerpiece of a long holiday weekend that will entice locals and visitors alike to savor what Sierra Vista has to offer. The fun in Veterans Memorial Park continues on Savor Sunday from 11:00 a.m. to 4:00 p.m. with a sports car show, food truck rally, wine and beer garden, and interactive games for all ages.

"We're fortunate to feature some of the best hiking, birding, and bicycling in the region, so we want to show off those natural assets and inspire visitors to come and get a taste of Sierra Vista, then keep coming back for more," says Judy Hector, marketing and public affairs manager for the City of Sierra Vista.

"The natural diversity of our sky island environment is mirrored by a rich ethnic diversity in our community. That translates into some authentic culinary gems, boasting big-city flavors balanced by equal portions of small-town hospitality," Hector says.

The weekend roundup of activities also includes the Sky Islands Summit Challenge on Saturday morning and a variety of local activities that showcase Sierra Vista's "extraordinary skies and uncommon ground."

## IF YOU GO

The Savor Sierra Vista Wine, Beer, & Spirits Festival runs from 11:00 a.m. to 6:00 p.m. in Veterans Memorial Park on Saturday, May 27. While samplings end at 6:00 p.m., live music continues, with food and drinks available for purchase, until 10:00 p.m.

Tickets are \$15 in advance or \$20 at the event and come with six samplings, plus a souvenir wine glass. Get your tickets at [www.eventbrite.com](http://www.eventbrite.com) by searching for "Savor Sierra Vista."

## FROM THE MAYOR

### Celebrate Sierra Vista's Heritage

by Rick Mueller, Mayor

As we settle into spring, Sierra Vista residents will see a variety of local events, programs, and activities that help bring us together as a community while enjoying the best qualities of this extraordinary place we call home.

It's a joy to live in Sierra Vista because of the climate, many recreational opportunities, and its friendly, small town feel. But I find it's the diverse, warm-hearted folks who have returned from all over the world to set roots in Sierra Vista who do the most to make our city such a vibrant, welcoming place to live.

That's why the upcoming Cultural Heritage Celebration is always a favorite community event. I encourage everyone to come out on Saturday, April 8, from 10:00 a.m. to 3:00 p.m. at Buena High School to see just how many cultures are represented in Sierra Vista.

Admission to the celebration is free, although you'll want to bring some money to sample the many ethnic eats local residents have brought here from their homelands or time spent abroad. Residents will also share traditions from their native countries

by displaying art and clothing, or even performing traditional dances.

The multicultural nature of our community is also celebrated each year through our student exchange program with our sister cities of Radebeul, Germany, and Cananea, Mexico. Sierra Vista families just recently hosted 16 German students in February and March as the exchange students saw the sights and got a first-hand taste of American culture and the history of the southwest.

I'm excited to share that the Arizona State Sister Cities Conference will take place right here in Sierra Vista from October 6 through the 8 this year. It's just another example of our active role in celebrating our neighbors near and far, while fostering relationships that help make Sierra Vista a destination for visitors and a rich home for those of us fortunate enough to live here.

## INSIDE CITY HALL

### Body Cams Protect Officers and Citizens

by Chuck Potucek, City Manager

It's been a trying year for law enforcement across the country but we've been fortunate to see ongoing support for the Sierra Vista Police Department in our community. Still, that doesn't mean our officers aren't facing some of the same challenges, as technology and the way people interact with law enforcement evolves.

In February, SVPD deployed body cameras that will be constantly recording in most situations when officers interact with citizens. This includes traffic stops, arrests, and searches, but also has limits tied to privacy. Officers are expected to turn off their cameras in locker rooms and when they participate in internal department activities, for example.

These cameras provide additional protection and accountability for both our officers and the citizens they serve. Assaults on and violence against police officers has seen an uptick nationally and our local stats reflect the same trend. It's our hope that these cameras, combined with our officers' emphasis on de-escalation, will help prevent some situations from becoming as volatile as those we've seen in some cities across the country.

In the age of the smart phone and instant broadcasting via social media, body cameras are a necessary insurance policy to record incidents from the officers' perspective. But they don't reflect any significant change in how our department interacts with our citizens.

Just about every day, our officers receive little and big gestures of gratitude from the people they serve. This happens on social media, while on patrol, and through cards or gifts left at the department. Just recently, when

SVPD Officer Joel Mercado was struck by a car in the line of duty, he said the outpouring of support he received was heartwarming and overwhelming.

The advent of body cameras promises to support an already strong relationship of trust and service that our police officers have cultivated in Sierra Vista for decades. As technology continues to evolve new challenges may arise, but the bond between our police officers and the community they serve will always endure.

## GET ACQUAINTED

by Mary Jacobs, Assistant City Manager

Working in very different departments, both Susan Immes and Parmalee Mitchell play key roles that benefit our community. Susan provides vital support at the Police Department, while Parmalee brings joy to hundreds of children via our Kid's W.O.R.L.D. program. Let's get to know them!

### Susan Immes

For the past two years, Susan has been one of our many unsung heroes at the Police Department, working as a records clerk. Documentation of law enforcement work is crucial to successful prosecution of criminals, and Susan helps officers finalize, file, and submit the many reports that need to be completed after every police encounter. From arrest records to citations, these documents are largely accessible to the public, and some require meticulous redactions to meet state laws on disclosure. Susan spends about half of

her time at the front desk assisting the public in obtaining information they need, very often in trying circumstances. She prides herself on showing care and respect to all customers to ease some of the stress that often accompanies a visit to the police station. Susan brings over 15 years of records experience at the hospital, where she specialized in helping parents obtain birth certificates for their new little bundles of joy. She's lived in Sierra Vista for 30 years, and still enjoys and takes advantage of the weather and great local amenities, such as riding her bike on the miles of multi-use paths around the community. Her young adult daughter, Meagan, is thankfully close by in Tucson. She is an avid and accomplished country dancer, having taught dance classes in the past. Susan volunteers at the city's animal shelter, walking dogs every week. While she wishes she could take *all* of the dogs home, she limited herself to just one, a loveable mutt named Zack.

### Parmalee Mitchell

If you have children in the Kid's W.O.R.L.D. program, no doubt you've seen Parmalee's smiling face at one time or another. An employee of 18 years, she started in the city's therapeutic recreation program working with developmentally disabled children and adults. Today, she oversees a program that provides before and after school recreation to 330 students, plus school break programs for another 220 kids. Her favorite part of the job is interacting with the kids and providing mentorship to both students and staff. She's often told by parents how much

they appreciate having a safe place for their children beyond school hours so they can go to work with peace of mind. Parmalee selects and trains staff, orders supplies and snacks, supervises site leaders, and communicates with parents. She is always looking for opportunities to add new activities to the program, and she is excited about a new initiative with the library that will be incorporated into the summer program this year. An Army veteran, Parmalee has lived in Sierra Vista since 1994. She earned her bachelor's degree in 2009 with her GI benefits. Parmalee has two adult children, including a daughter who is planning a career in city management (something I *love* to hear!). Parmalee started running several years ago, and she recently completed her first marathon with plans to do another next year. She participates in a running group, and is also in a swim class so she can be prepared to tackle a triathlon one day soon.

## PUBLIC SAFETY

## Code Enforcement Corner

### PREP YOUR POOL THIS SPRING

As temperatures begin to rise in April and May, many Sierra Vistas take the opportunity to “spring” into their backyard pools to cool off. That also means it’s time to ensure those pools are being kept in good condition, otherwise they can become breeding grounds for mosquitoes and present hazards that may impact nearby residents.

Aside from attracting pests, neglected or improperly constructed pool areas can be drowning hazards for children and pets. If the pools are simply left to collect stagnant water, the issue can affect property values too.

The City has some basic rules for swimming pools that contain at least 24 inches of water and following these codes will ensure your property remains safe and a source of neighborhood pride, rather than an eyesore or even a hazard. These rules include:

- Water must remain clear enough to see the bottom of the pool.
- The pool must be maintained so mosquitoes and other insects cannot breed.
- No algae can be growing in the pool, as this indicates the water is stagnant.

- The pool must be surrounded by a barrier that’s at least 60 inches higher than ground level on the side facing away from the water.
- Gates or doors in this barrier must be self-latching. If the latch is less than 54-inches above the bottom of the gate, the release mechanism must be on the pool side. If a pool is no longer in use, it must be properly drained and kept dry. A permit is required to do this and can be requested by calling Public Works at (520) 458-5775. Draining unused pools prevents flooding and other health and safety issues.

Basic pool maintenance is just one facet of properly caring for a home. The City’s Community Development Department is here to help ensure our neighborhoods remain safe places where residents can feel pride in how the area looks. To get in touch with a code enforcement officer, call (520) 417-4413.

The Quilt Index represents years of research and development to bring together quilt information in a centralized online tool for education, research, and public access. The Quilt Index is a joint project of The Alliance for American Quilts, MATRIX: The Center for Humane Arts, Letters and Social Sciences Online at Michigan State University, and the Michigan State University Museum.

The local quilt guild has been expertly trained and looks forward to adding your quilt to the growing number of documented quilts. The only criterion is that the quilt must currently reside in Arizona. Both vintage and new quilts are welcome.

*Documentation is by appointment only.* Please contact Jane Bourne at (520) 508-4558 to schedule your appointment.

## Kids Summer Saturdays @ the Museum 2017

Last year's programs were such a success, the museum will offer six Saturdays of fun-filled, hands-on children's programs.

What did kids just like you do for fun, in school, and to make some spending money back in the 1950s and earlier?

### SAVE THE DATES!

Saturdays, June 10, 17 & 24 and July 8, 15 & 22  
11:00 AM - NOON

Please arrive 10 minutes prior to the start of each program – we have an awesome 15 minute presentation that begins promptly at 11:00 a.m., setting the stage for each day's activities!

Children ages 5 through 12 are encouraged to bring their parents, grandparents, guardians, or babysitters! Younger siblings are invited to spend time at our Coloring Corner!

Kindly let us know if you're coming so we can make sure we have enough supplies; call (520) 439-2306 or email [Nancy.Krieski@SierraVistaAZ.gov](mailto:Nancy.Krieski@SierraVistaAZ.gov). Walk-ins are also welcome!

Program funding and snacks provided by the Sierra Vista Historical Society.

## Amazing Arizona

EXTRAORDINARY AUTHORS. UNCOMMON STORIES.

Amazing Arizona, hosted by the Henry F. Hauser Museum and the Sierra Vista Public Library, is a series of educational presentations to educate and entertain the community regarding unique aspects of Arizona. Please join us either at the Henry F. Hauser Museum, 2950 East Tacoma Street, or the Sierra Vista Public Library, 2600 East Tacoma Street, and discover "Amazing Arizona!"

All presentations are free and open to the public. For additional information, please contact Nancy Krieski, Museum Curator, at (520) 439-2306 or [Nancy.Krieski@SierraVistaAZ.gov](mailto:Nancy.Krieski@SierraVistaAZ.gov).

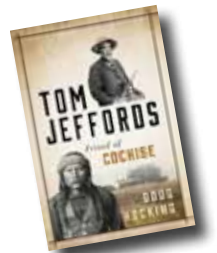

The following program is made possible through a grant from the Arizona Humanities Council with funding provided by the Friends of the Sierra Vista Library and the Henry F. Hauser Museum.

### THE LIFE AND TIMES OF TOM JEFFORDS, FRIEND OF COCHISE

DATE Tuesday, April 4

TIME 1:00 PM

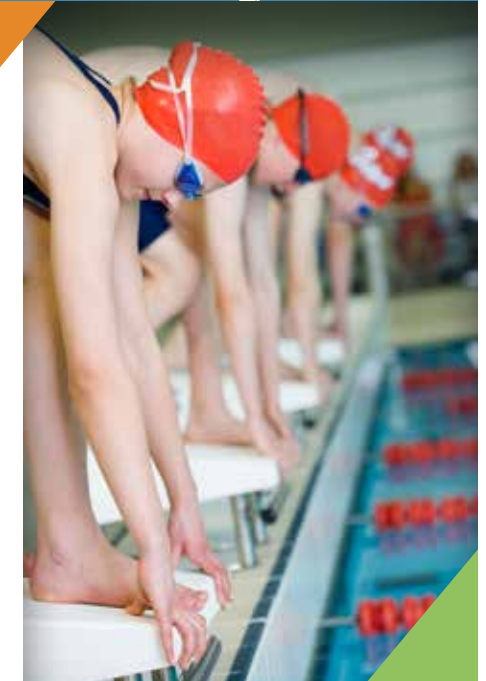

LOCATION Sierra Vista Public Library Meeting Room

Join scholar and author Doug Hocking for an insightful program detailing the extraordinary life of Tom Jeffords, who was a long time friend and confidant to Chiricahua Apache Chief Cochise. Tom was instrumental in successful peace talks between Cochise and General Oliver O. Howard. As part of the peace terms, Cochise demanded Tom be his Indian Agent. For years afterward, the Army repeatedly called on Tom to liaise between the Chiricahua Apache and the Army. After his time as agent, he owned profitable mines, including a share of the Copper Queen Mine, held the fabled Brunckow Mine, and drilled wells for Tucson's first water company.

Pickleball is a racquet sport for all ages that combines the elements of tennis, badminton, and ping pong. It is played with a paddle and a plastic ball. The rules are simple and easy for anyone to learn. Two, three, or four players use solid paddles made of wood or composite materials to hit a perforated polymer ball, similar to a wiffle ball, over a net. It is played on a court 20 feet wide by 44 feet long. The sport shares features of other racquet sports;

the dimensions and layout of a badminton court and a net and rules similar to tennis— with a few modifications. Pickleball was invented in the mid 1960s as a children's backyard pastime, but has become popular among adults as well.

Come play indoor pickleball, one of the fastest growing sports in America. For more information, call John Healy at (520) 439-2302.

## LIBRARY

## More than Just Books

### What's Up with That?!

This series features responses to some of your questions and comments received at the Sierra Vista Public Library.

**The comment:** Why is there a path behind the library?

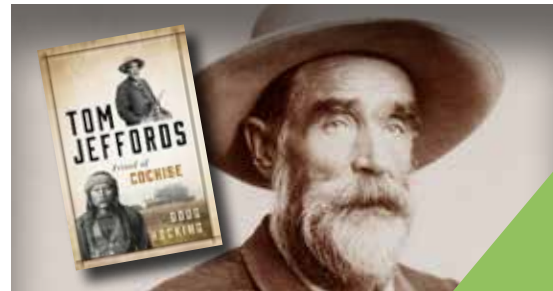

**The response:** The meandering gravel path that begins at a dedication plaque west of the library leads visitors through the Sara P. Gibbs Botanical Garden. The garden, planted in April 2000, is named in honor of longtime library employee Sara Gibbs. Sara was employed for 24 years as the library's administrative assistant and still enjoys visiting the library.

The garden was planted in cooperation with the Water Wise Program, Sierra Vista Woman's Club, and City and library staff. Native or low-water use plants, primarily salvaged from local construction, demonstrate how an attractive landscape can be achieved through xeriscaping, a method of landscaping and gardening that reduces the need for irrigation. While some irrigation is used, passive rainwater harvesting directs water throughout the garden.

Over the years, changes and additions to the garden have included trees, benches, and memorial dedications.

Spring and summer are great times to visit the garden. Aside from a variety of butterflies and hummingbirds, the area has been enjoyed by rabbits, coyotes, and even a bobcat! Ask staff for a brochure describing some of the plants that can be seen in the garden and enjoy a self-guided tour. Don't forget a sandwich and blanket so you can enjoy a picnic in the sun or at the garden's small pavilion.
