Comments and Requests of the Council

Council Member Landry congratulated Mr. Rodriguez and stated that she looks forward to working with him on Council. She also gave a shout out to everyone who came together made the Summit Challenge a success, everybody that worked hard before and after the event. She stated that she participated in the event and noted that all the trails were well marked, and there were people that went up the day before and spent the night to make sure that all participants were taken care of. The people that gave out the stamps and stickers had to hike and be present all day long. She further stated that she appreciates everything that was done, and she looks forward to next year's event. Lastly, she thanked everyone who made it possible for her to be able to participate in the Council Meeting and to be able to join from afar.

Mayor Mueller voiced his appreciation for the extra effort made by Council Member Landry in participating because everyone knows from experience that sometimes it can be very difficult when there is an ailment.

Council Member Umphrey congratulated and welcomed Mark Rodriguez, thanked all the people who applied and noted that Council was in a very fortunate position, but it was not easy because there were so many good applicants. She stated that she hopes to see all of them involved in some way in the future. She thanked Dan Coxworth for joining the Planning and Zoning Commission, mentioned that last Saturday, June 5, 2021, the city had the honor of hosting a ceremony recognizing Nacho Valenzuela's work to preserve and restore the Fry Cemetery. She noted that Representative Kirkpatrick was present and presented him with a certificate of congressional recognition. She added that Elizabeth Wrozek, new curator for the museum, along with her staff did a great job. Lastly, she voiced her gratitude to Council

Member Landry for being present during the interviews because she knows that it was not easy, but she greatly appreciates all the extra effort she put forth, and she hopes to see her soon.

Council Member Benning welcomed Father Greg and noted that it is always a pleasure and blessing when he joins the Council Meetings, stated that it is great that Council Member Landry overcame surgery, and he looks forward to her coming back. He added that the selection process was fun to say the least, there were amazing applicants, all 22, from the beginning, narrowing it down, and then selecting the final Council Member. It was a good process, and he thinks that everyone came together and talked freely and shared what was on their mind, and he appreciates the process. Finally, he welcomed Council Member Mark Rodriguez, noted that he thinks that he will do a good job finishing out the term, looks forward to him running again, and he hopes that for everyone else, he hopes that everyone stays involved with the City.

Council Member Johnson welcomed Mark Rodriguez to City Council and stated that Council looks forward to working with him. He announced that Flag Day is on Monday, June 14, 2021; however, the flag ceremony will take place at the Elks Club Ramada on Sunday, June 13, 2021, at 2:00 p.m., where the scouts are involved, followed by a barbeque that is free to all veterans.

Mayor Pro Tem Gray welcomed Mr. Rodriguez and stated that she looks forward to working with him. She also thanked him for his willingness to take the crazy journey.

Mayor Mueller reported on a letter from the chief of the local Forest Service, where she stated that they are suspending any use of firearms within the forest on the east side of the Huachuca Mountains due to the dryness as they are afraid that even a ricochet bullet with a spark could set things off. He added that from his experience, she is probably right because in looking at the Huachuca Mountains, and coming down about an eighth of the altitude there is some yellowing and brown patches and that is where the Aspen Fire was about 35, 40 years ago. The aspens are already in distress, high up on the mountain, which is highly unusual. This tells him that as a civic leader, he must remind everyone not to throw things out like a cigarette, trash, or anything else, and when pulling a car off the road, they need to be parked so that the catalytic convertor does not catch the grass, and to mind all the normal, dry fire season stuff that would be done later in the year. Everyone needs to be aware of this, and if hiking/camping in the mountains, everyone needs to be on guard against fire. He noted that everyone remembers the Monument Fire and what everyone went through, and no one wants this to reoccur in the community.

Mayor Mueller announced that the Salvation Army put out a statement that they are accepting donations for the Telegraph Fire, which is a big fire in north central Arizona that has taken a few acres and is not yet under control. He added that in having gone through the Monument Fire, everyone knows that the Salvation Army came in and fed people for a couple of weeks at the high school. They need funds to be able to continue to do that up in that area as well. He encouraged people to donate to the Salvation Army so that they can spend it on food and other things that the folks may need. Lastly, he talked about suspicious vehicles. There has been an increase on calls about suspicious vehicles because one thing that has happened in the longer past is that there were people coming in with a vehicle and park them, and as the people from the south, who bring in drugs, they would come and get into the vehicles and immediately go to Phoenix. He asked people that if they see a vehicle that is not usual and is parked in an area primarily between the city and the mountains, or the city and the area to the south, to call the Sierra Vista Police Department if it is in town, or the Sheriff's Department and report the suspicious vehicle. He asked people not to stop and check it out because there could be someone hiding out with weapons, etc. because it has been known in the past and it is currently happening, that the cartels do in fact contact people in the Greater Phoenix area and have them

drive the vehicles with a load to Phoenix. Sierra Vista has been lucky with the border crisis on impact on the community, but the community does not want to allow criminal elements to abuse the good people that are coming across to convey drugs and other contraband into the State.

Lastly, he announced that on Monday, June 14, 2021, Vinny's Pizza is going to offer 25 percent of their proceeds to the fireworks for the July 4, 2021 celebration. This is a great community place that has been doing this through the years as well as other charities, high school events, Tip a Cop, etc.
