City Manager's Report: Mr. Potucek stated that the next regularly scheduled work session is on Tuesday, July 26, 2022, 3:00 p.m. in the Council Chambers and the next Council Meeting is scheduled for July 28, 2022, 5:00 p.m. also in the Council Chambers. He reported that the Avenida Escuela Extension and Charleston road replacement is expected to be finished in August 2022. He added that the long-lost generator for the EMS substation has finally come in, which was holding up that project; however, once installed, the City should be able to issue a certificate of occupancy by the end of the month and start operating out of that center. The

Animal Control Center Improvement and Expansion Project and the design work started on June 8, 2022, and hopefully that all will be finished in the April timeframe of 2023. The City is seeking some grant funding through the Office of Economic Adjustment and the Defense Department for similar funding to what was received for the EMS substation. The design is underway for the Garden Avenue improvements, second phase of the West End Project. In closing, he mentioned that the sales tax report was not the greatest in the world for May. The City was down about a half percent from the previous May in terms of sales tax receipts, but for the year, the City is still year over year up 8.5 percent, and it just bears watching in case the national economy which is what is going on there that affects the City's sales tax receipts. The City made its budgeted payment to the Public Safety Retirement System for this fiscal Year, \$6.4 million. For the previous fiscal year, the City ended up paying excess to the police portion in the amount of just over \$140,000, and for fire personnel just over \$492,000, which should help with the City's own unfunded liabilities for those folks.

The amendments direct the funding to serve Goal Three, which is the provision of needed services, the Emergency Crisis Fund activities that will be principally used to provide rent and utility payment assistance, emergency hotel and motel vouchers, and to continue the monthly Community Connect event at the Ethel Berger Center.
